

# Side Hustle Budget Planner

## **Section 1: Monthly Revenue Goal**

Instructions: Choose your target band for expected revenue this month. Tick one or more as you progress.

- \* \$500-\$750
  - \* \$750-\$1,000
  - \* \$1,000-\$1,250
  - \* \$1,250-\$1,500

Notes (optional): \_\_\_\_\_

## **Section 2: Platform Costs**

Instructions: List your monthly platform costs. For Level 1, aim to keep total platform costs in the \$0-20 range (e.g. Fiverr fees on earnings, PayPal, Hello Bonsai free tier).

## Section 3: Income Tracking

Instructions: Record each payment as it comes in. Use "Source" for platform or client (e.g. Fiverr, Direct). Update the running total so you can see progress toward your revenue goal.

## Section 4: Expense Categories

Instructions: Track expenses so you know your net. Categories: software, marketing, taxes, other. For Level 1, expenses are often low; still record them for tax and planning.

---

## Section 5: Net and Notes

Instructions: Net = Total income (from Section 3 running total) - Total platform costs (Section 2) - Total expenses (Section 4). Use this to see how much you keep and to plan next month.

Net this month (\$): \_\_\_\_\_

Notes for next month: \_\_\_\_\_
